

## PANTO® Ferkelmix F 450

High quality 45% supplemental feed

- ✓ With Wisan®-Lein and Wisan®-Mais
- ✓ Selected protein carriers with biological benefits
- ✓ Well-balanced essential amino acids
- ✓ Essential vitamins, minerals and trace elements
- ✓ low buffer capacity
- ✓ with PLURATRACE® an innovative ingredient complex

### Analytical components and contents

25,00 % Crude protein	9,00 % Crude ash
2,80 % Lysine	1,10 % Calcium
0,80 % Methionine	0,75 % Phosphorus
1,50 % Threonine	0,50 % Sodium
0,45 % Tryptophan	14,8 MJ ME

### Additives per 1 kg

35.000 I.U. Vitamin A	B-vitamin complex,
4.440 I.U. Vitamin D <sub>3</sub>	Trace elements,
450 mg Vitamin E	Acid combination, NSP-degrading enzymes, Phytase*)

### Feeding recommendations

- mix up to 45 % of PANTO® Ferkelmix F 450 with grain

### Information about the product specifications:

Some of our products are available in different structures (flour and granulate). Please feel free to contact us.

## PANTO® Ferkelmix Superkombi

Protein concentrate for piglets weighing 10–30kg

- ✓ with Wisan®-Lein for the stabilization of gastric health
- ✓ with high quality Wisan®-Mais, potato protein, whey powder and non-extracted yeast for a better digestibility and feed intake
- ✓ with high levels of essential amino acids
- ✓ combination of benzoic acid and other acids with effects in stomach and intestine for a positive effect on the performance (gains and feed conversion)
- ✓ with PLURATRACE® an innovative ingredient complex

### Analytical components and contents

39,00 % Crude protein	15,00 % Crude ash
4,80 % Lysine	3,10 % Calcium
1,60 % Methionine	1,10 % Phosphorus
2,40 % Threonine	0,90 % Sodium
0,60 % Tryptophan	13,0 MJ ME

### Additives per 1 kg

68.000 I.U. Vitamin A	B-vitamin complex,
8.500 I.U. Vitamin D <sub>3</sub>	Trace elements,
750 mg Vitamin E	Acid combination, NSP-degrading enzymes, Phytase, Benzoic acid

### Feeding recommendations

- feed 18–22% of PANTO® Ferkelmix Superkombi following prestarter (e.g. PANTO® mil) up to the end of rearing

## PANTO® Ferkelmix easystart 400

High digestible protein concentrate  
as supplemental-feed in suckling phase

- ✓ easy digestible feed components (potato protein, soy protein concentrate, protein hydrolysate, enhanced grain)
- ✓ with Wisan®-Lein for stabilization of gastric health
- ✓ with NSP-degrading enzymes for an optimal nutrient utilization
- ✓ with phytase for increasing digestibility of phosphorus and amino acids
- ✓ with active salt for healthier air in the stable and better digestion
- ✓ with acid combination
- ✓ with PLURATRACE® an innovative ingredient complex

### Analytical components and contents

28,00 % Crude protein	10,00 % Crude ash
3,20 % Lysine	1,70 % Calcium
1,20 % Methionine	0,80 % Phosphorus
1,80 % Threonine	0,60 % Sodium
0,60 % Tryptophan	14,4 MJ ME

### Additives per 1 kg

36.000 I.U. Vitamin A	B-vitamin complex,
4.500 I.U. Vitamin D <sub>3</sub>	Trace elements,
400 mg Vitamin E	Acid combination, NSP-degrading enzymes, Phytase, Aroma

### Feeding recommendations

- mix 40% of PANTO® Ferkelmix easystart 400 with farm-own wheat and as supplemental-feed suck during period, feed until a weight of max. 10 kg

## PANTO® Ferkelmilch S

Unique milk replacer for piglets

- ✓ With a high casein content and lactic acid bacteria
- ✓ In case of milk deficiency because of e.g. large litters or to enhance the sow milk
- ✓ Can be used as a complete replacer for sow milk
- ✓ To optimize the rearing stage
- ✓ preservable for one day due to organic acids

# PANTO® piglet-mix-concept

The younger the piglets, the higher their feeding demands. Thereby they not only have high demands in terms of the nutritional value of the feed but also in the palatability, so that a good intake of the feed is achieved right from the start.

That's why supplements from the PANTO® piglet-mix-concept are perfectly suited for farm-own produced blends.

## PANTO® Ferkelmix Sprint

### High-Energy supplement

- ✓ with whey powder, high-grade fats and soy protein concentrate
- ✓ for piglet-specific energy supply
- ✓ with vitamin C and organic acids to promote the body's defences
- ✓ particularly palatable
- ✓ for optimal transition from milk feed to grain-soy blends

#### Analytical components and contents

18,00 % Crude protein	6,50 % Crude ash
1,80 % Lysine	0,30 % Calcium
1,30 % Methionine	0,30 % Phosphorus
26,00 % Crude fat	0,30 % Sodium
0,50 % Crude fibre	20,0 MJ ME

#### Additives per 1 kg

1.000 mg Vitamin C      Formic acid, Citric acid

#### Feeding recommendations

- add 5–15 % of PANTO® Ferkelmix Sprint to blends for piglet rearing
- PANTO® Ferkelmix Sprint can be combined with other PANTO® Ferkelmix supplements

The supplements are made of the highest quality and are designed specifically for the nutritional needs of piglets - easy digestible and particularly palatable. PANTO® piglet mix supplements specifically meet the needs of growing piglets in regards to their changing requirements for amino acids, protein, energy and so on. PANTO® piglet-mix supplements promote the vital health and weight development of piglets.

## PANTO® Ferkelmix F 1000

### Protein concentrate for piglets of 10–30 kg live weight

- ✓ with Wisan®-Lein and high amounts of Ω-3 fatty acids for stabilization of intestine health
- ✓ with Wisan®-Raps for the development of a healthy bacteria flora
- ✓ combination of organic acids with effect in gastrointestinal area
- ✓ With high amounts of essential amino acids (lysine, methionine, threonine, tryptophan)
- ✓ with PLURATRACE® an innovative ingredient complex

#### Analytical components and contents

31,00 % Crude protein	26,00 % Crude ash
7,00 % Lysine	6,50 % Calcium
2,60 % Methionine	1,80 % Phosphorus
3,10 % Threonine	2,00 % Sodium
0,65 % Tryptophan	11,0 MJ ME
3,00 % Crude fibre	

#### Additives per 1 kg

140.000 I.U. Vitamin A      Vitamin C, B-vitamin complex,  
17.000 I.U. Vitamin D<sub>3</sub>      Trace elements,  
1.500 mg Vitamin E      Acid combination,  
NSP-degrading enzymes,  
Phytase, Aroma

#### Feeding recommendations

- PANTO® Ferkelmix F 1000 should be fed up to 10 % subsequent to a prestarter (PANTO® pre) till the end of rearing

## PANTO® Ferkelmix F 250

### Highly efficient 25% grain supplement

- ✓ With Wisan®-Lein and Wisan®-Mais
- ✓ With selected high-grade protein carriers
- ✓ Essential vitamins, minerals and trace elements additives
- ✓ With encapsulated acids and enzymes
- ✓ with PLURATRACE® an innovative ingredient complex

#### Analytical components and contents

38,00 % Crude protein	15,00 % Crude ash
4,20 % Lysine	2,70 % Calcium
1,28 % Methionine	1,30 % Phosphorus
2,10 % Threonine	0,70 % Sodium
0,60 % Tryptophan	13,4 MJ ME

#### Additives per 1 kg

64.000 I.U. Vitamin A      B-vitamin complex, Trace  
8.000 I.U. Vitamin D<sub>3</sub>      elements, Acid combination,  
800 mg Vitamin E      NSP-degrading enzymes,  
Phytase

#### Feed recommendations

- add up to 25 % of PANTO® Ferkelmix F 250 to piglet rearing blends
- PANTO® Ferkelmix F 250 is to be fed to piglets up to an age of 2 months

## PANTO® Ferkelmix F 300

### Protein concentrate with a high level of crude fibre for piglets weighing 10–30 kg

- ✓ with enhanced grain for a better digestibility and intake
- ✓ with Wisan®-Lein and high amounts of Ω-3 fatty acids for stabilization of intestine health
- ✓ with Wisan®-Raps for the development of a healthy bacteria flora
- ✓ additionally with Wisan®-Mais and potato protein
- ✓ With high amounts of essential amino acids
- ✓ combination of organic acids with effect in gastrointestinal area
- ✓ with PLURATRACE® an innovative ingredient complex

#### Analytical components and contents

33,00 % Crude protein	15,00 % Crude ash
3,60 % Lysine	2,30 % Calcium
1,00 % Methionine	1,10 % Phosphorus
2,00 % Threonine	0,65 % Sodium
0,55 % Tryptophan	13,0 MJ ME
6,00 % Crude fibre	

#### Additives per 1 kg

50.000 I.U. Vitamin A      Vitamin C, B-vitamin complex,  
6.250 I.U. Vitamin D<sub>3</sub>      Trace elements,  
625 mg Vitamin E      Acid combination,  
NSP-degrading enzymes,  
Phytase

#### Feed recommendations

- feed 30% of PANTO® Ferkelmix F 300 following one of our Prestarter (e.g. PANTO® mil) up to the end of rearing
